Instructions

1. Cut all the layers of cardstock and Designer Series Paper as listed above.
2. Take the layers of Parakeet Party Cardstock and score as listed in the measurement guide listed above. With the 1cm score to the right hand side fold this inwards to create a 'box'. Test that it folds nicely with no bowing of the cardstock, otherwise using the tip in the video, trim a little off the end of the cardstock on the 1cm score side. Do not adhere together yet. Take a Blending Brush and some Parakeet Party Ink and lightly blend some ink around the edges of the card base and around all edges. **Please note for the imperial card: you will need to add the extra piece for the card front by adding adhesive to the shorter front piece and adhering that extra flap on - see video for explanation**
3. Take the large guitar pick die and place it on the end panel of the card base. Use the die cut machine to die cut this out. Save the die cut guitar pick piece. Take one of the layers of Designer Series Paper and use some post it note tape to hold in place, line it up on the back of the die cut out panel and use a pencil to trace around the edges of the guitar pick. Use this to line up the die again and die cut of the designer paper piece. Adhere this designer paper layer to the front of the panel **(I added one of my magnets before adhering which you will see in the video in this step)**.
4. Take the other layer of Designer Series Paper and spritz it with a Parakeet Party Stampin' Blend. Stamp the microphone image on a scrap of Basic White Thick Cardstock. Colour with Smoky Slate and Pebbled Path Stampin' Blends. Die cut out. Adhere this to the piece of designer paper with liquid adhesive, ensuring you use the window to line up where you want it. Stamp the sentiment in Versamark ink and heat emboss in white. Trim out and adhere where shown.. Die cut out three stars in More Dazzle Specialty Paper. Adhere to this piece where shown.
5. Take some Tear N' Tape and adhere to the 1cm score strip and place down flat. Close card to adhere and form 'box'. See video for tips.
6. Take the layer of Crushed Curry and Basic White Thick Cardstock for the writing panel. Add some Parakeet Party Ink and lightly blend some using a Blending Brush in the left hand corner of the Basic White piece. Spritz some ink from a Parakeet Party Stampin' Blend on this piece. Stamp some lightning bolt images from the stamp set where shown with Crushed Curry Ink. Adhere this to the Crushed Curry layer and adhere to the left hand side of the card. **(I did add one of my magnets before adhering which you will see in the video in this step)**.
7. Using the layer of Basic White for the card front and a Blending Brush, add some Azure Afternoon Ink. Add some to the centre of the card in a circular motion until you are happy with the concentration of ink. Finish with some spritzing using an Azure Afternoon Stampin' Blend Marker over

- the entire piece.. Adhere this layer to the layer of Crushed Curry and adhere to the front of the card.
8. Die cut an additional guitar pick using some Holographic Foil. Whilst die cutting also cut three lightning bolts in Crushed Curry Cardstock and die cut six stars in the More Dazzle Specialty Paper. Set these aside.
 9. Stamp the large electric guitar in Memento Black and colour with a combination of Parakeet Party, Daffodil Delight and Pumpkin Pie Stampin' Blends and die cut out with the corresponding die.
 10. Adhere the Holographic Foil Guitar Pick to the Parakeet Party Guitar Pick and adhere to the card base with Stampin' Dimensionals. Adhere the electric guitar where shown with Stampin' Dimensionals being sure to add a double stack of dimensionals to the top as it will be going over the guitar pick which is already adhered to the card with Stampin' Dimensionals therefore will add another layer of height.. Stamp and heat emboss the sentiment in white and adhere with a mixture of dimensionals and liquid adhesive.
 11. Embellish by adhering the lightning bolts (I have added a little bit of Crushed Curry blending to the ends of these), the gold stars and some of the adhesive backed lightning and star embellishments. To finish I coloured one of the stars from this pack with a Parakeet Party Stampin' Blend and adhered to the sentiment.
 12. Spritz the card with Wink of Stella.
