# Instructions

1. Cut both the layers of Pretty Peacock cardstock as in the measurements guide above. Watch the video for tips on how to cut the lid or refer to the measurement guide.
2. Score the Pretty Peacock cardstock pieces on all four sides for both the base and lid as stated for both pieces in the measurement guide OR refer to the templates added to the last pages of this document. Reinforce all scores with a bone folder.
3. Using scissors and the template on the last pages as a guide cut away the grey squares and mitre all the edges as shown on the template.
4. Using liquid glue for the flaps, adhere the box together and use Tear N' Tape for the flaps. Adhere the large side flaps first and the smallest end flaps last. Use a bone folder to reinforce and make sure the box lid and base is well adhered and square.
5. Take the large piece of Crushed Curry Cardstock for the box front and the Memories & More card cut down as per the measurement guide. Adhere these together and distress the top right corner and fold down. Staple the corner if desired. Spritz this piece with a Calypso Coral Stampin' Write Marker and adhere to the front of the box.
6. Take a small strip of More Dazzle Specialty paper (approx ½" wide) and less width than the box and cut each end on an angle. Adhere to the box with Liquid Glue. Adhere one of the striped stickers cut down to less than the box front width towards the top of this More Dazzle Piece.
7. Take a length of Wavy Trim approx 4" long and fray the threads apart. Attach over the top of the More Dazzle Paper with Glue Dots. Trim the ends if too long.
8. Using the sticker sheets from the Memories & More pack, take the "happy" sticker and remove the stickiness by adding some powder to the back with an embossing buddy. Adhere this where shown with Stampin' Dimensionals. Also take the smaller "hello" and remove the stickiness. Add some Liquid Glue to the left hand side and a Stampin' Dimensional to the right, adhere where shown. Add some flowers where shown to the card from the sticker sheet.
9. Use one of the Paper Butterflies and add some Wink of Stella to the whole butterfly. Adhere to the box front where shown.
10. Lastly add the rose gold butterfly where shown.
11. Embellish the box front with some of the Pastel Iridescent Gems where desired.
12. Spritz some Wink of Stella over the entire box front.
13. To decorate the note cards, use the Sweet Thoughts Memories & More Cards and cut 1 x Calypso Coral and 1 x Pretty Peacock card front as listed

in the Measurement guide. Adhere each of these to the Crushed Curry layers. Use a bone folder to distress and fold down the top right hand corner. Use a Pretty Peacock or Calypso Coral Stampin' Write Marker to Spritz each and adhere each to a Note Card. I have cut the small text 3x4" card into 1" strips for my notecards and used these to accent the cards as well as cutting 3/4" strips of More Dazzle Specialty Paper. I have included the photos below as examples of each note card which have been created using a mixture of fussy cut images from the Memories & More cards and stickers from the sticker sheet. Refer to the video for any tips and tricks.

14. To decorate the envelope flaps, pull apart an envelope from the Sweet Thoughts Memories & More Cards & Envelopes and use the patterned inside to decorate the note card envelope flaps. Add these to the box!
