Thoughtful Designs Specialty Paper	1	1cm x 14.6cm	½" x 5 3/8"
Pretty Peacock Glimmer Paper	1	.5cm x 14.6cm	3/8" x 5 3/8"
Scraps Of Basic White Thick, Basic Beige, Lost Lagoon & Petunia Pop Cardstock & Pretty Peacock Glimmer			

Instructions

1. Cut all the cardstock layers and pieces needed as stated in the measurement guide (apart from the designer series paper). Cut and score the card base as stated, scoring in half. Fold in half and then fold back the first scored piece on itself to form a flap.
2. Take the 6x6 piece of patterned paper and use the measurement guide for measurements to cut to the height needed first (deciding if you want to lose a little bit off the top or bottom - it will only be a small strip). Cut the paper in three panels from left to right using the measurements in order of how they are listed above. See video for tips.
3. Adhere the largest piece of patterned paper onto the piece of Basic Beige cardstock that is the same size. Add liquid glue to the front of the front card flap. Add this designer piece of paper to the flap leaving an even border around each edge.
4. Fold the card out and then adhere the smallest piece of patterned paper in line with the panoramic design on the left hand side of the card next to the front piece that has been adhered in the previous step. Adhere the final piece on the right hand side of the card, just next to the score line.
5. Take the two pieces of Wild Wheat Cardstock and run them through the So Swirly Embossing Folder. Once embossed, take some Wild Wheat Ink and a Blending Brush and lightly add ink around the edges. Adhere the larger piece to the front of the card on the left hand side, going underneath the flap.
6. On the remaining Wild Wheat piece, add the strip of Thoughtful Designs Specialty Paper running along the top edge. Finish it off with the small strip of Glimmer Paper adhered over the top. Add some Tear N' Tape to the bottom edge of this piece and each small side to form a pocket. Adhere this to the open space on the right hand side of the card.
7. Take some Wild Wheat Jute Trim and separate the strands into three. Take two strands and wrap in a circle. Place on card front for now, do not adhere.
8. Die cut out the large flourish shape from the Thoughtful Wishes Dies with some Pretty Peacock Glimmer Paper. Set aside. Stamp the large leaf/vine stamp from the Thoughtful Wishes Stamp in Memento Black on some Basic White Thick cardstock. Colour this image with a mixture of Blackberry Bliss and Petunia Pop Stampin' Blends. Die cut this out.
9. Place the glimmer die cut and Stampin' Blends coloured image on top of the jute trim until happy with placement. Using a stapler, staple these in place on the flap where the sentiment will cover the staples. Once happy, adhere the small Basic Beige strip to the area behind the flap to hide the staples.

10. Die cut the label from the Unbounded Love dies from Basic Beige Cardstock. Stamp the sentiment in StazOn ink. Adhere on the card front where shown with Stampin' Dimensionals.
11. Spritz the card front with Wink of Stella and embellish with the coordinating pearls from the Adhesive Backed Pearl Trio.
12. Take the layer of Basic White and add the stamped flowers in Pretty Peacock shown in the pictures to the bottom right hand side. Add some soft blending in Lost Lagoon to the right hand side.
13. Die cut out the label shown from the Unbounded Love dies from Basic Beige cardstock. Add adhesive to one half of the die on the front side of the die and adhere to the right hand side of the Basic White layer. Layer this whole piece to the layer of Basic Beige. This will go in the pocket.
14. Stamp the sentiment "Dearest Friend" in StazOn Ink on a scrap of Basic Beige. Trim this into a strip and cut each end on an angle. Die cut two leaves from Lost Lagoon and a flower from Petunia Pop from the Thoughtful Wishes Dies. Add some ink blending to these pieces using Lost Lagoon and Petunia Pop ink to add some shadowing and definition. Adhere these pieces to the pocket piece where shown with liquid glue. I have adhered my sentiment with Tear N' Tape to ensure it was well adhered.
15. Spritz the inside with some Wink of Stella to add some sparkle.
