Instructions

Card One - Thank You Friend

1. Prepare the Shy Shamrock card base by adding some soft blending with a Blending Brush in Shy Shamrock Ink to the middle of the card.
2. Add some random stamping across the background of the card with Shy Shamrock Ink and the "Just a Note" sentiment stamp.
3. Spritz the background using a Basic Black Stampin' Write Marker.
4. Take two of the label die cuts from the Labels & Layers Ephemera and distress the edges with the blade from a pair of scissors or your fingernail. Fold over the corners on one side of these and adhere the larger label to the card with Stampin' Dimensionals and the smaller layer over the top with Liquid Adhesive.
5. Add a variety of different ephemera as shown, adhering the bird with Stampin' Dimensionals and the others with flat adhesive.
6. Take the "Friend" die cut from the Saying Something Ephemera pack and use a small Blending Brush and some Peach Pie & Pumpkin Pie Ink to create an ombre look to this die cut. Adhere with a small amount of Liquid Adhesive. I have also added a small fussy cut phrase "Thank You" which is cut from one of the other phrase pieces from the ephemera pack and have added this to the tab on the file folder die cut.
7. Spritz the card with Wink of Stella, add some In Colour Resin Dots and decorate the inside layers of the card.

Card Two - The World Needs More People Like You

1. Cut a layer of Basic Beige Cardstock to 9.5cm x 12.5cm (3 ¾" x 5") . Add some soft blending with a Blending Brush and Basic Beige Ink around the outside edges of this piece. Randomly stamp the word "Hello" from the stamp set in Basic Beige Ink across the background. Spritz the background with a Pecan Pie Stampin' Write Marker. Fold over the top right corner and adhere this whole piece to the card base.
2. Choose two label pieces from the Labels & More Ephemera Pack and adhere these to the card base. I have used Stampin' Dimensionals to adhere the larger label and some flat adhesive for the smaller label.
3. Choose a large flower die cut from the Fully Flowering Ephemera Pack and some leaves and adhere these where shown, adhering the flower with Stampin' Dimensionals.
4. Add a butterfly die cut from the Something For Everything Ephemera Pack with a Stampin' Dimensional.
5. Take a sentiment from the Say Something Ephemera Pack and cut apart into strips. Adhere to the card with Liquid Adhesive.
6. Spritz the card with Wink of Stella and embellish with In Colour Resin Dots.
7. Add a decorated layer to the inside.

Card Three - I'm So Proud of You

1. Decorate the card base by adding some soft blending with some Crushed Curry Ink and softly stamping the "YAY" sentiment from the Simply Said Stamp Set. Spritz the card base lightly with a Basic Black Stampin' Write Marker.
2. Add a layer of Basic Beige Cardstock cut to 9.5cm x 5.5cm (3 ¾" x 2") behind the frame die cut piece from the Something For Everything Ephemera Pack. Adhere this whole piece to the card with Stampin' Dimensionals.
3. Add a mixture of die cut pieces from the Something for Everything Ephemera Pack mixing up sizes and shapes and adhering some with Stampin' Dimensionals and some with Liquid Adhesive to vary depth and height.
4. Take a sentiment from the Say Something Ephemera Pack and adhere to the card where shown.
5. Spritz the card with some Wink of Stella and embellish with some of the In Colour Resin Dots.
6. Decorate the inside layers for the card and adhere inside.

Card Four - Here's To You

1. Take an Azure Afternoon Ink and lightly drag across the background of the card leaving some nice ink pad streaks across the background.
2. Spritz the background lightly with a Basic Black Stampin' Write Marker.
3. Take some labels (three) from the Labels & Layers Ephemera Pack and distress the left hand side edge of the notebook style label. Adhere these to the card where shown, adding the middle label on Stampin' Dimensionals.
4. Adhere a variety of different ephemera including the flower, bird and little branch to the card with a mixture of Stampin' Dimensionals and Liquid Glue to vary the height and create depth and dimension.
5. Add the sentiment strip from the Saying Something Ephemera pack where shown.
6. Embellish the card with some spritzes of Wink of Stella and finish with some In Colour Resin Dots.
7. Decorate the inside layers of the card and adhere inside the card.

Card Five - Hello

1. Take the layer of Basic Beige Cardstock cut to 9cm x 10.5cm (3 ½" x 4") and add some light blending with Basic Beige Ink around edges. Distress the edges with a scissor blade and turn over the top right hand corner. Spritz the piece with a Basic Black Stampin' Write Marker. Adhere where shown.
2. Add three assorted labels from the Labels & More Ephemera Pack (adding some distressing to each by flicking back the edges and corners) and adhere them over the top of each other with Liquid Glue.
3. Adhere the dog and prize ribbon ephemera pieces from the Something For Everything Ephemera with Stampin' Dimensionals to the card.
4. Add a little heart and two stars from the ephemera to the card.
5. Take the "Hello" ephemera piece from the Saying Something Ephemera and with a small Blending Brush add some Shy Shamrock and some Granny Apple Green to this piece. Adhere to the card with Liquid Glue.
6. Embellish the card with some Wink of Stella spritzing and some of the Resin Dots.
7. Adhere the Basic Beige and Basic White decorated layers to the inside.
