Instructions

1. Cut and score your card base layer.
2. Cut your piece for the mechanism and cut and score as shown below. Add glue to the sections indicated and adhere as shown into the card base lining up the centre score lines together. Make sure you add glue to the underside of the tabs and fold them underneath the mechanism.

TEMPLATE

3. Add glue to each of the **four small triangles** on the mechanism and add each of the four cardstock squares to these, leaving about 1mm (or 1/16") between them to ensure no overlapping.
4. Take the three pieces of Designer Series Paper Squares and adhere these over the top of three of these squares.
5. Add a tiny bit of light ink blending to the right hand bottom square on the Basic White cardstock square with Lost Lagoon Ink and spritz some Lost Lagoon Stampin' Write Marker over this square. Stamp a sentiment in Lost Lagoon. Adhere this to the final cardstock square.
6. Add the Designer Series Paper side panel to each side of the mechanism and then adhere the middle panel pieces tucked in behind the mechanism and over the top of the mechanism 'flap'.
7. Take the piece for the side triangles and cut diagonally - add to the side of the mechanism triangle pieces.
8. Wrap the Petal Pink Scalloped Ribbon around the card base and secure with Tear N' Tape. Add the layered Designer Series Paper on the Lost

Lagoon large square layers and adhere over the top of the ribbon to create a nice ribbon tie enclosure.

9. On the front of the card, die cut the frame from pretty peacock and Basic White. Adhere the Pretty Peacock frame to the card with Liquid Glue. Take the inside of the white frame and blend softly with Lost Lagoon and spritz with some Lost Lagoon Stampin' Write Marker. Adhere this to the middle of the frame with Stampin' Dimensionals.
10. Heat emboss the label and sentiment from the Mixed Labels bundle and adhere over the top of the frame with Stampin' Dimensionals.
11. Embellish the front with assorted die cut pieces from the Storybook Moments Designer Series Paper. I have fussy cut around these images to make the white border a bit 'tighter' to the image.
12. Embellish with some Brushed Brass Butterflies and some Antique Pearls coloured with a Dark Lost Lagoon Stampin' Blends Marker.
13. Spritz the front of the card with some Wink of Stella.
14. Embellish the squares on the inside of the card by spritzing with some Lost Lagoon and add some additional die cuts and a heat embossed sentiment from the Mixed Labels Set.
15. Embellish the squares with some Brushed Brass Butterflies.
